oncover the dea that the Richmond territory was worth cultivating and only needed to be informed.

The ylan well known to New York and Philadelphia and other points of wholesaling was adopted. Rooms were taken at the Jefferson, and samples were interested to the Jefferson, and samples were set forth, and all of the Richmond and Virginia retail druggists were invited to be there and see that a Richmond wholesaling uses could do as well, if not a great deal better, in the "sundry" line than the folks who have to pay all of their expenses down here to tell what they can do.

The display made by the Powers-Taylor Drug Company was really an experimental display made by the Powers-Taylor Drug Company was really an it showed, as nothing else could have shown just quite so well, that any and all virginia and Southern dealers in anything, expectally druggists supplies and sundries, can find anything and all things they are looking for right here in this good of town of Richmond.
